

# Deployment of app in IBM cloud

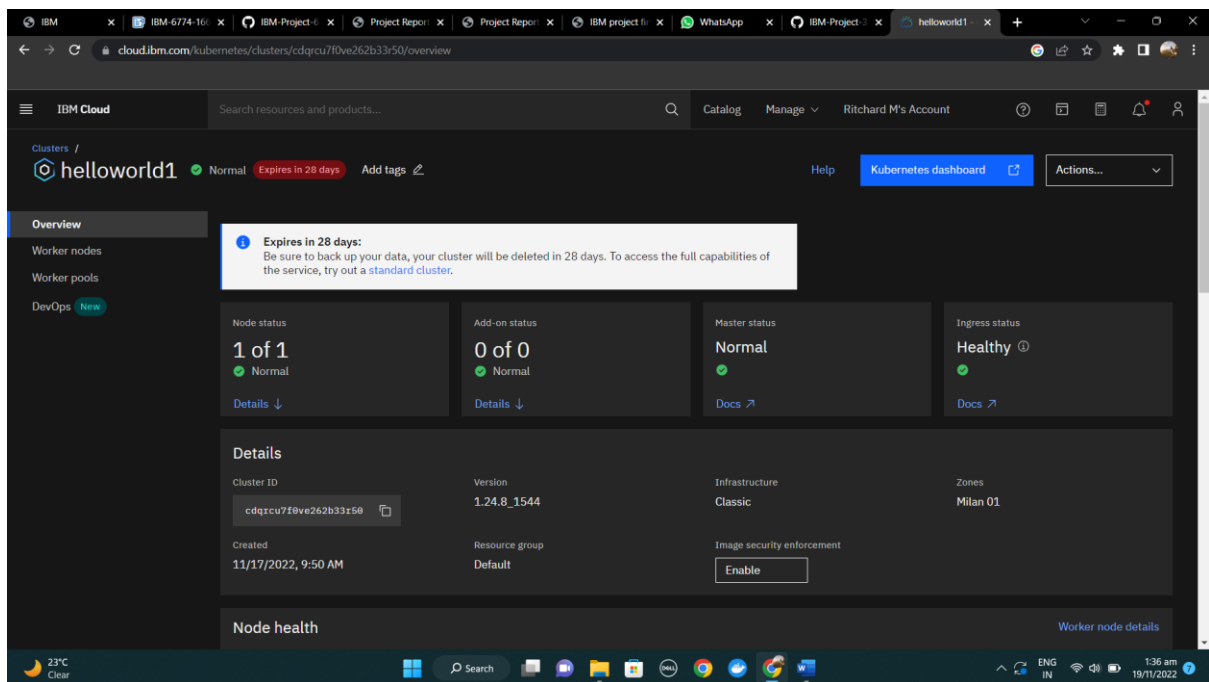

## Deploy in Kubernetes Cluster

DATE	18 NOVEMBER 2022
TEAM ID	PNT2022TMID47409
PROJECT NAME	CUSTOMER CARE REGISTRY

## KUBERNETESS CLUSTER CREATION

The screenshot shows the IBM Cloud console interface for creating a Kubernetes cluster. The browser address bar displays 'cloud.ibm.com/kubernetes/catalog/create'. The page header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and 'Ritchard M's Account'. The main content area is titled 'Kubernetes cluster' and features a 'Create' button. Below this, the 'Plan details' section offers a 'Standard' pricing plan. The 'Infrastructure' section presents two options: 'Classic' (native subnet and VLAN) and 'VPC' (fully customizable virtual network). A right-hand 'Summary' panel lists the configuration: 'Worker nodes' at \$2.65/hr and 'Multizone load balancer' at \$0.02/hr, resulting in a 'Total estimated cost' of \$1,919.52/mo. It also includes a disclaimer about additional charges and buttons for 'Upgrade to create' and 'Add to estimate'. The Windows taskbar at the bottom shows the date as 10/11/2022 and the time as 1:35 am.
